

MANUAL DATA ENTRY IS YESTERDAY'S NEWS.

NOW YOU CAN PROCESS PDFs AUTOMATICALLY. WITH PDF2DATA. BY LOBSTER.

Business partners today expect their documents to be processed in minutes – not weeks. But what if the required processes involve manual steps? Lobster's answer is automated PDF processing. Now available for orders, invoices, delivery notes and more. Making manual data entry a thing of the past. Once and for all.

YOUR BENEFITS.

- No manual data entry
- Increased transparency
- Improved data quality
- Lower costs
- Faster responsiveness

RULE-BASED APPROACH

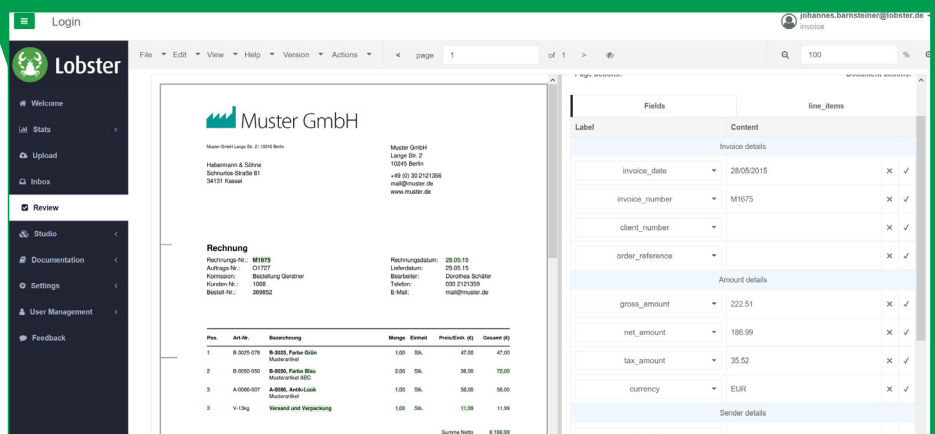

- Included with every licence purchase
- Automatically generated PDFs
- Identical positioning of information with matching content

MACHINE-LEARNING APPROACH

- Generate PDFs, scans and images automatically (.gif, .jpeg, .bmp, .tiff)
- Position information with the same content as needed
- Detect text blocks with the OCR software
 - recommended image quality: 1024×768 pixels | minimum: 640×480 pixels
- Develop written content using a self-learning algorithm
- Verify and finalise data on your end with the WebReview interface

WHY LOBSTER?

- Automated processing of all manner of documents (e.g. invoices and orders)
- Benefit from similar demands within the Lobster customer community: Our algorithm is self-improving – with every new document
- Lobster is the only provider on the market that supports both: A rule-based & machine-learning approach

Label	Fields	Content	line_items
Invoice details			
invoice_date		28/05/2015	X ✓
invoice_number		M1675	X ✓
client_number			X ✓
order_reference			X ✓
Amount details			
gross_amount		222.51	X ✓
net_amount		196.99	X ✓
tax_amount		35.52	X ✓
currency		EUR	X ✓
Sender details			
sender_VAT			X ✓

Your business partners keep sending you all manner of PDF documents? Not a problem. With PDF2Data you can still input the information directly into your ERP system. Completely automatically.

MACHINE-LEARNING APPROACH: YOUR OPTIONS.

1. You're already working with Lobster_data?

With PDF2Data, we'll provide you with a structured .json file, which you can then easily convert to your in-house format using Lobster_data.

2. You're not using Lobster_data just yet, but still want to benefit from automated PDF processing?

It's high time you get in touch with us. Lobster_data can do so much more than 'just' processing PDFs. It lets you realise your EDI and EAI processes, for example. Drop us a line. We're happy to help.
